IMPORTANT REMINDERS

Spectators will be allowed in for 15mins at the beginning of your child's first class, so that you can see that they are settled and happy. We have found that having audience can cause our gymnasts to be distracted and make drink breaks a lot longer. For some classes we only have 1 hour, so we want to make sure it is packed as full of as much gymnastics as possible.

If a child becomes upset or just wants a parent, you are the first person we will call. We want this experience to be positive and having an upset child will not achieve that. We also understand that you would like to watch your child participate and for that purpose we will have an open week at the end of every term, where you will be able to watch their whole session.

Please make sure that Parents/Carers are coming up to the door to pick up their under 13-year old children. Children under 13 will not be permitted to leave the building without an adult as the car park can be dangerous when dark due to it not being well lit.

Please make sure that your child has shoes on when coming and going from the club, recently there has been razor blades and glass found in the car park.

Facebook/Instagram is the club's best form of information distribution, it is highly recommended to follow us on Facebook to receive the most up to date information regarding your gymnastics.
